DETAILED ACTION

Response to Amendment

Applicant has amended the specification without adding new matter. The amendment to the specification will be entered. Applicant has amended the drawing by replacing informal drawings with formal drawing. The new drawing are accepted by the examiner. Applicant has amended claims 11, 17-19 and 24. Applicant has withdrawn claims 1-10 from consideration in the instant application without prejudice to the applicant's right to assert these claims in a continuation of the instant application. Applicant has canceled claim 14. Therefore claims 1-10 and 14 are canceled.

Allowable Subject Matter

Claims 11-13 and 15-25 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 11-25 were indicated as allowable if rewritten in independent form to include the limitations of the base claim (in this case claim 1) in the Office Action mailed 03/09/2005. Applicant has amended claims 11, 17-19 and 24 to incorporate the limitations of claim 1 from which they formerly depended, and has thereby placed these claims in independent form. Claims 12-16 depend directly or indirectly from claim 11, claims 20-23 depend directly or indirectly from claim 18, and claim 25 depends from claim 24.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
